Indonesian (Fluent)

English (Intermediate)

EDUCATION

Institut Teknologi Sepuluh

Nopember – Bachelor's degree in Physics
2019-2024

MAN 2 Pontianak – Natural Sciences (MIPA)
2016 – 2019

PROFILE

Graduate from Institut Teknologi Sepuluh Nopember with a degree in Physics and a strong passion for Front-End Development. Experienced in building web interfaces using HTML, CSS, JavaScript, and React.js. Self-motivated learners actively pursuing online courses, proficient with Git, and enthusiastic about creating responsive and interactive user interfaces.

PROJECT EXPERIENCE

Books Review Web Application – Personal Project

2025 – Present

Tech Stack: EJS, Express.js, Node.js, PostgreSQL.

- Developed a full-stack web application for book reviews featuring CRUD functionality and responsive design.
- Implemented PostgreSQL for data management and external APIs to dynamically display book covers.
- Implemented back-end logic with Express.js and server-side rendering using EJS.
